Thank you for purchasing the Portable Wireless Air Pump. Please read this user manual carefully before using this product, and keep it for future reference.

1. Packing list

- 1x Portable Wireless Air Pump
- 1x flexible hose (US standard connector)
- 1x ball needle
- 1x nozzle for swimming ring
- 1x USB Type-C Port2.

2. Specification

Type: WPAC1001

Product size: 163x75 x50mm

Weight: 500g

Inflation pressure: 120PSI (MAX)

No-load flow: 20L/M

Charging temperature: 0 ~45°C

Working temperature: -10~60°C

Battery capacity: 2000mAh

Charging input: 5V/1A

Charging time 2.5~4.5h

Pressure accuracy +/-1PSI

LED lighting 0.5W

Over-current protection: 9A/1S

Over discharge protection: 6V

With memory function Parameters can be saved

The product has its own memory function, which can save the previous data, so that consumers can operate with one key when using the same scene next time, and there is no need to set the data again.

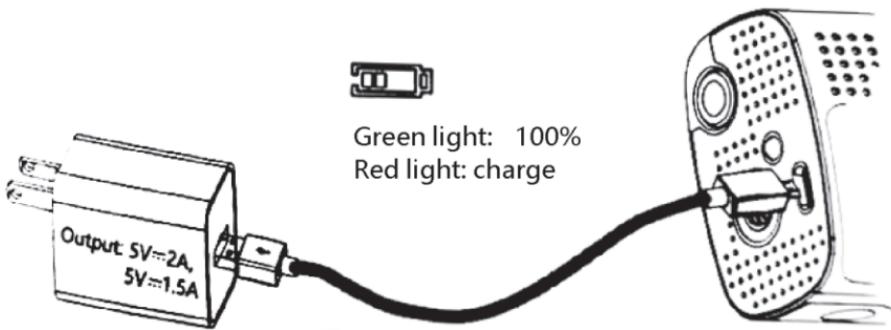

4.ATTENTION:
